

LYNDEBOROUGH HERITAGE COMMISSION

August 11, 2011, J.A. Tarbell Library; work session

Members present: Stephanie Roper, Jessie Salisbury, Jen Dumont, Lorraine Strube and Bob Rogers.

Jen opened the meeting at 7 p.m.

Bob brought the maps showing places and structures so far recorded.

Karen Holland took a picture of the group for the Lyndeborough Views.

Stephanie said the Historic District Commission will hold a public hearing on Sept. 13 and will need proof that we are making progress, "showing a good faith effort" on the map and an inventory of historic buildings.

The map already contains structures, cellar holes, known sites of previous homes, stone culverts, and other information, so it was decided to concentrate on pre-1900 buildings.

The description is to contain age and builder if known, early owners, basic history, and a picture if possible.

Roads to begin the study were divided as follows:

Bob and Jen: all of North Lyndeborough

Jessie: Cram Hill Road and Johnson's Corner area

Stephanie: western side

Lorraine; Village area

Helen vanHam will be asked about a property update that she began some years ago.

The Commission will meet as usual on Aug. 25.

The meeting adjourned at 7:50.

Respectfully submitted,

Secretary
